

MTSC-115 : Science Fundamentals

This course will emphasize the development of basic scientific skills in the larger disciplines of biology, biochemistry, and chemistry, and will enhance students' ability to understand the living world. It will serve as a prerequisite for science-related courses as well as provide students with the basis upon which to evaluate and better comprehend written scientific material from a variety of sources. This is one of the courses students can choose to satisfy the math/science component of the required liberal arts distribution.
